Subject: Additional Remedial Pipeline Allocation

Hi Mandi,

As you know, we had reserved 5% of the Remedial Pipeline allocation to allocate to the regions based on the results of regional work planning workload discussions, as well as regional and national priorities. After much deliberation, it has been decided that Region 1 will be allocated an additional [redacted] for pipeline activities. As soon as possible, or no later than **COB June 9th**, please identify the site(s) and BOC(s) where these funds will be allocated so that we can expediently reprogram these funds to you. Please see the original request below. Thanks!

Region	Request 1 Funding	Request 2 Funding	Total % Unfunded Request	Purpose	Site
R8	\$532,000			Pre NPL Studies/ Sampling; Support Listing	Upper Animas Mining District, CO
